

# **Santa Clara Valley Water District**

## **Emergency Operations Center**

**EOC Operations Briefing**

**January 12, 2000**

**Bob Fields, CEM  
Emergency Preparedness Coordinator**

# Welcome to the Santa Clara Valley Water District E.O.C.

# **Purpose and Scope of the EOC**

**The EOC exists to provide a facility from which the organization's response to an emergency can be effectively coordinated.**

# **The Mission of the SCVWD EOC**

*Prevent further loss of life & injury.*

*Restore essential services.*

*Recover from the emergency.*

# **Mission Accomplishment**

*Assess and prioritize threats.*

*Apply resources to mitigate threats.*

*Re-assess and prioritize threats.*

# **Emergency Services Act**

**Government Code §8550 *et seq.***

**Requires preparation for disasters**

**Requires the use of the Standardized  
Emergency Management System (SEMS)**

**Confers emergency powers during disasters**

**Provides authority for mutual aid resources**

# **Centralized vs. Decentralized Disaster Management**

**Establish command, strategy and tactical control at the lowest level that can perform that role effectively.**

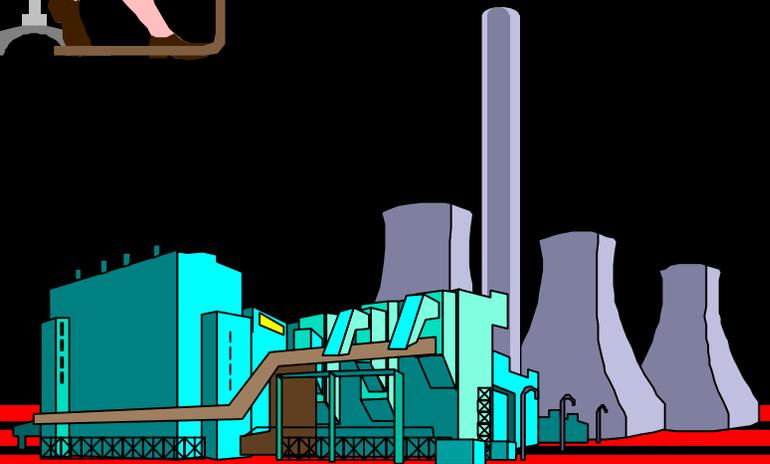

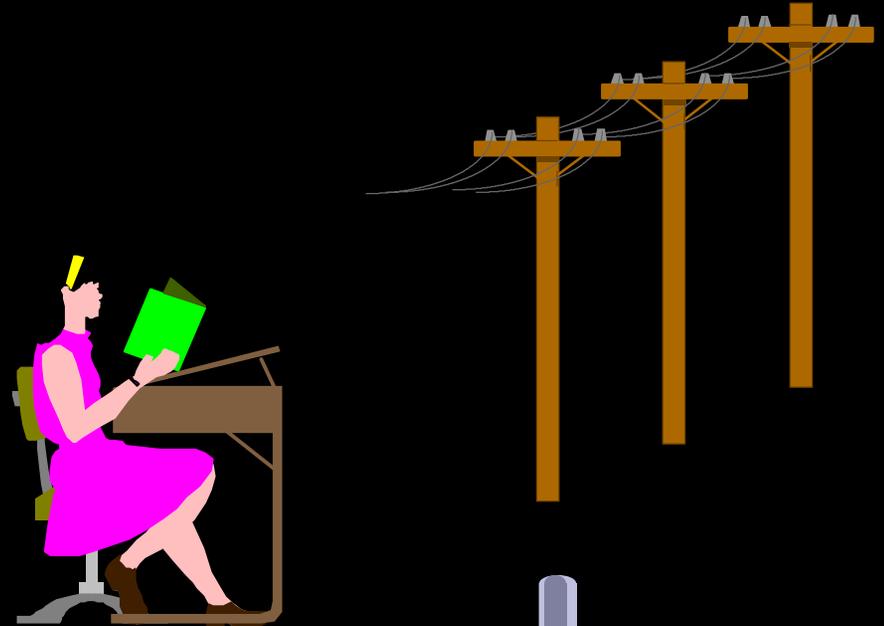

**Ensure that lines of authority (reporting relationships) are clearly understood.**

# Responsibilities of Special Districts in Emergencies:

**Provide competent and coordinated emergency response activity within their District or service area boundaries, and for their own personnel and facilities.**

**Must ensure coordination with other local governments.**

# Responsibilities of County Government in Emergencies:

**Provide competent and coordinated emergency response activity within the unincorporated areas**

**Also operate Operational Area EOCs responsible for sharing disaster intelligence and resource information among participating agencies.**

*County-wide Services*

# **Definitions and Terms**

## **Operational Area Level**

**A level of the state emergency services organization, consisting of a county and all political subdivisions within the county's boundaries**

**Coordinates information, resources among local governments within the operational area and higher levels**

# **EOC Action Planning:**

**Focuses EOC Activities**

**Organizes EOC Support to the Field**

**Documents EOC Actions**

**Moves EOC from Reactive to Proactive**

# **Incident Action Plan**

**Management “What to do”**

**Operations “How to do it”**

**Logistics “How it gets supported”**

**Plans “What is going on, how it gets  
published”**

**Finance “How it gets documented and  
paid for”**

# **Operational Period**

**Clearly identified in plan**

**Determined by Director**

**Is a period long enough to complete a  
planning cycle, usually 12-24 hours**

**Reflects the time required in the Directors  
judgment to accomplish the overall  
objectives**

## **Strategies:**

**The Objective is the “Desired Outcome(s)”**

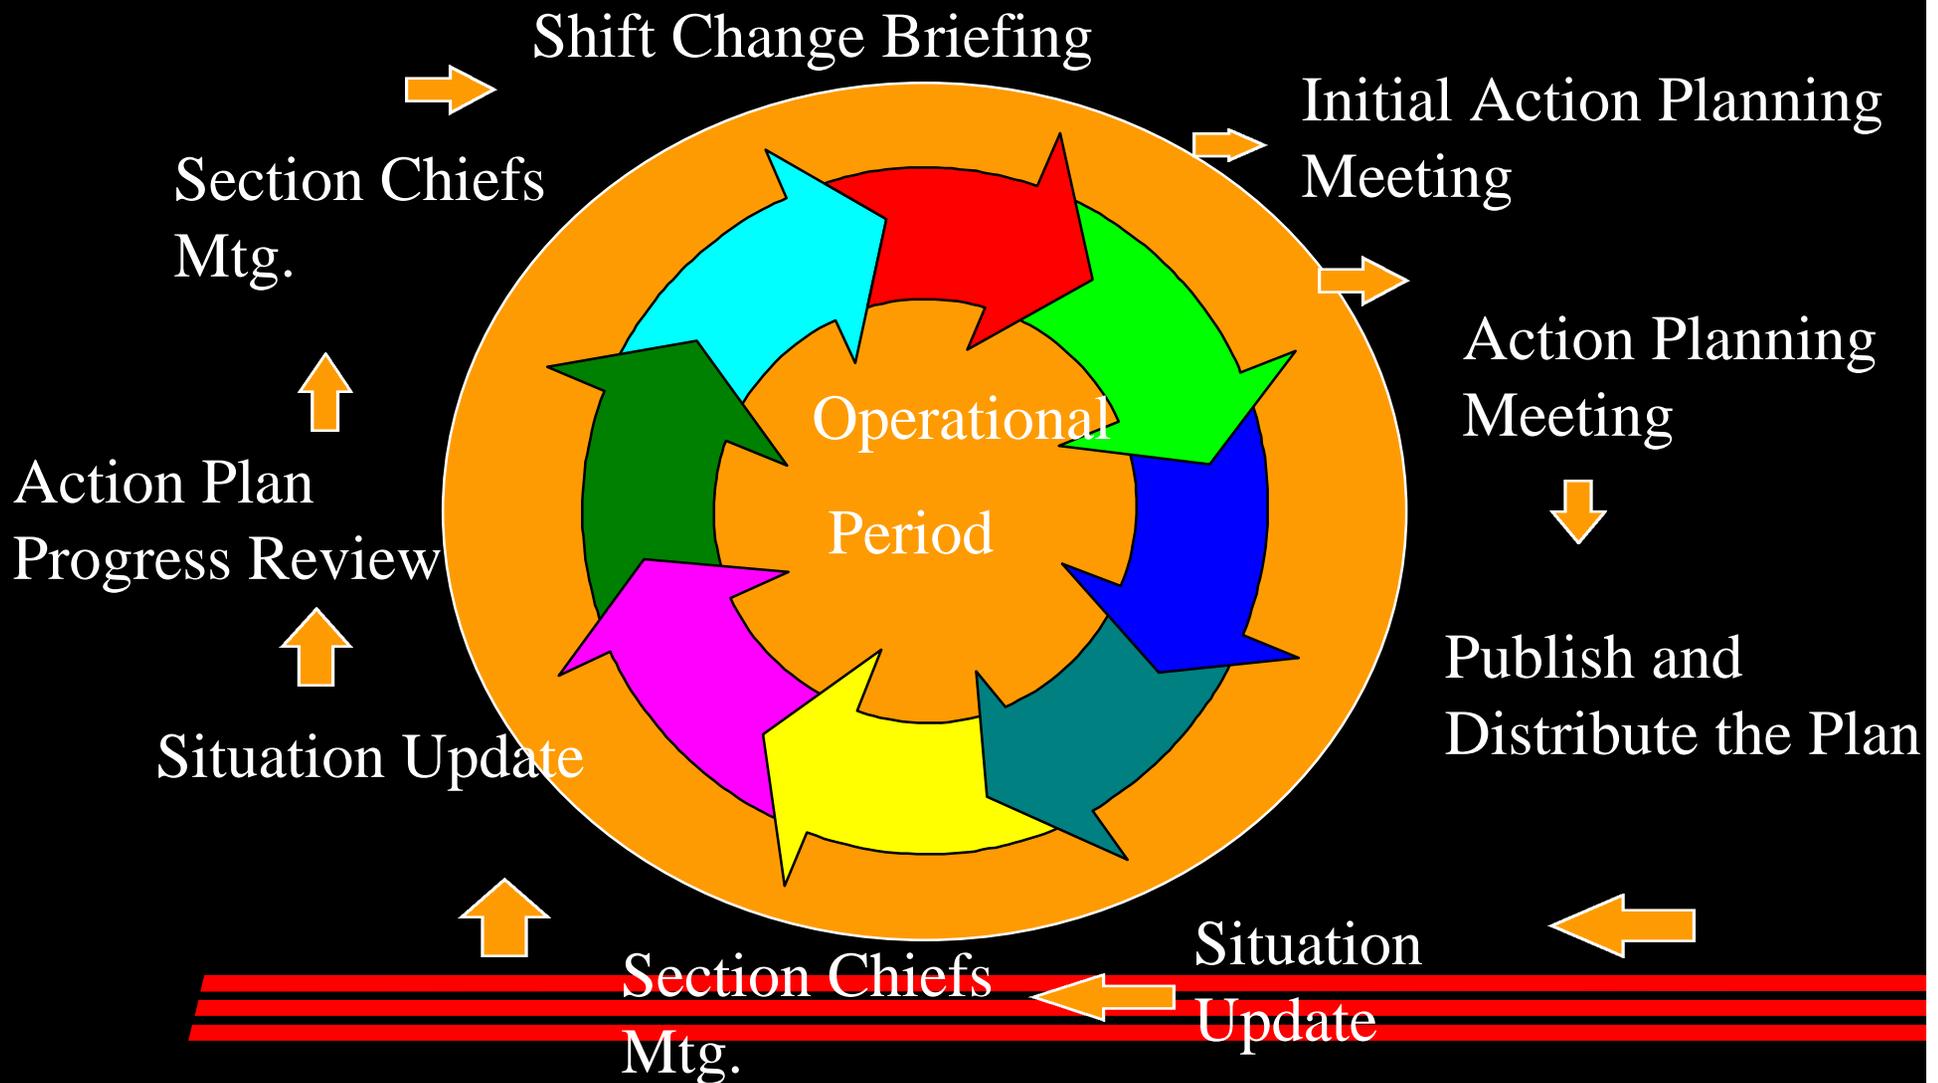

**The Strategy is “Who, How, and When”**

**Strategy worksheets are maintained by the  
Section Chiefs to gauge section progress  
during the operational period**

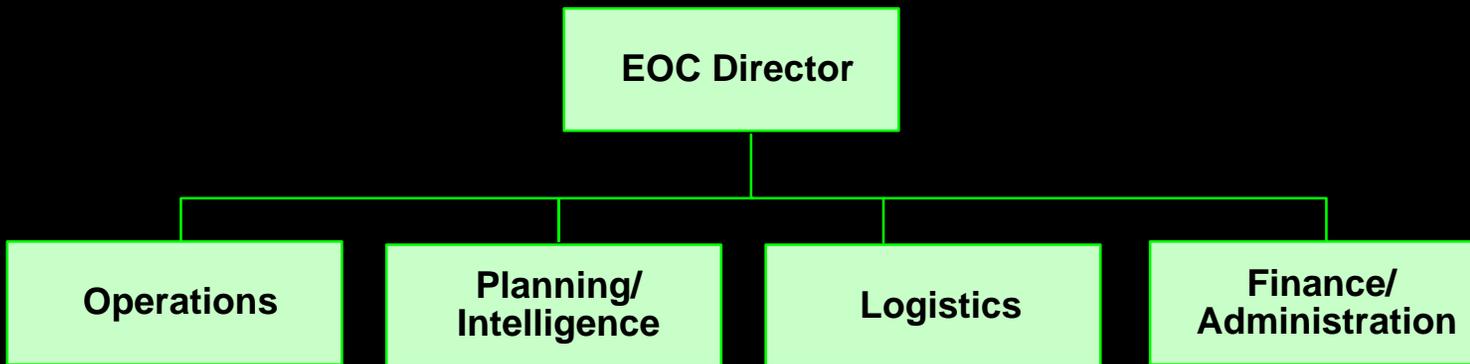

**Strategies are coordinated approaches to  
objective accomplishment.**

# The Planning Cycle

# EOC ICS Organization

# **EOC Operating Requirements**

**Activate for any event that requires a response by more than two departments**

**Capable of activation within 60 minutes and able to maintain operation under all conditions**

**Safe access must be assured**

# Activation Levels

## **Level One:**

**Minimum activation with EOC  
Director, section chiefs, and a  
situation assessment unit,  
*plus others as needed***

# **Activation Levels**

**Level Two:**

**May be a transitional step, or a level  
which fits a specified event**

**Staffed as needed with all 5 SEMS  
functions**

# **Activation Levels**

## **Level Three:**

**Full activation — all 5 SEMS  
functions with full staffing, including  
liaison agency reps**

**Typical activation for any major  
emergency**

# **EOC Layout Considerations**

**Facilitate centralized coordination and efficient exchange of information**

**Group work areas by SEMS function**

**Adapt to available space**

# **SCVWD EOC Features**

**High speed heavy duty FAX machines**

**Wireless Messaging Server**

**OpArea EOC Radio w/remote control**

**RIMS Communications Server**

**SCC OES Control 10 Radio w/remote  
control**

**Control 26/27 Radio w/remote control**

## **SCVWD EOC Features** (continued)

**On-site SCVWD network server**

**State-of-the-art PC @ each workstation**

**Workstation Lighting & PC UPS protected**

**Portable Audix Telephone Console**

**SDS EM-2000 EOC Software**

**EOC staff profiles installed on all PCs**

**Amateur Radio Control Station w/remote**

**Digital interface w/sensor data monitoring**

# *EM/2000 - EOC Software for the new millennium!*

## Log messages/requests from field personnel and track tasks...

As field personnel evacuate the neighborhoods and require additional information or resources, they can communicate their progress and needs to the EOC through EM/2000™ electronic messaging and task management.

### ☑ Display EM/2000™ Tracker log...

The screenshot shows the EM/2000 Tracker application window. The title bar reads "R2.1 EM Tracker - By Related Incident - Lotus Notes". The interface includes a menu bar (File, Edit, View, Create, Actions, Window, Help), a search bar with "Add Condition", "Search", and "Reset" buttons, and a toolbar with "New Message", "Respond To Message", "Go To Message #", and "Go To..." buttons. On the left, there is a sidebar with "EM/2000™ TRACKER" and buttons for "Exit", "Login", and "Help". Below these are navigation buttons: "All Messages", "By Role", "By Priority", "By Incident" (highlighted), "By Category", "Complete", "Incomplete", "Unassigned", "Checklists", "Calldown Lists", "History", "You Entered", and "ICS Forms". The main pane displays a message log table with columns: "Msg #", "Subject", "From", "Assigned To", and "Date & Time".

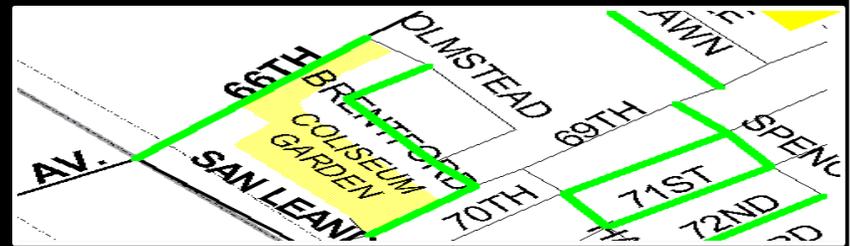

Msg #	Subject	From	Assigned To	Date & Time
194	Need Spill Absorbants at CN Rail Yard	Johnson, Charles Local Emergency Management Agency	Logistics/SDS	08/09/99 07:09 AM
Coordinating: activating the mutual aid network. (Mike Morrow)				
Coordinating: suggest you contact Mutual Aid Info Centre. (Mike Morrow)				
192	Reinforce diking along Fraser River	Miles Davis Incident Commander	Operations/SDS.L	06/22/99 11:04 AM
Coordinating: repair crews are onscene. (Mike Morrow)				
How many crews are onscene now? (Mike Morrow)				
Response: there are 4 crews of 8 people. (Mike Morrow)				
190	Request for sandbagging machines - send to staging area 1	Griffiths, Melanie City Fire Dept.	Logistics/SDS	06/02/99
Coordinating: ACTIVATING MUTUAL AID NETWORK. (Mike Morrow)				
185	Open Reception Centres	Johnson, Charles Local Emergency Management Agency	Logistics/SDS	05/04/99 10:44 AM
Coordinating: Locate potential centers. (Mike Morrow)				

Below the table, there are expandable sections for other incidents:

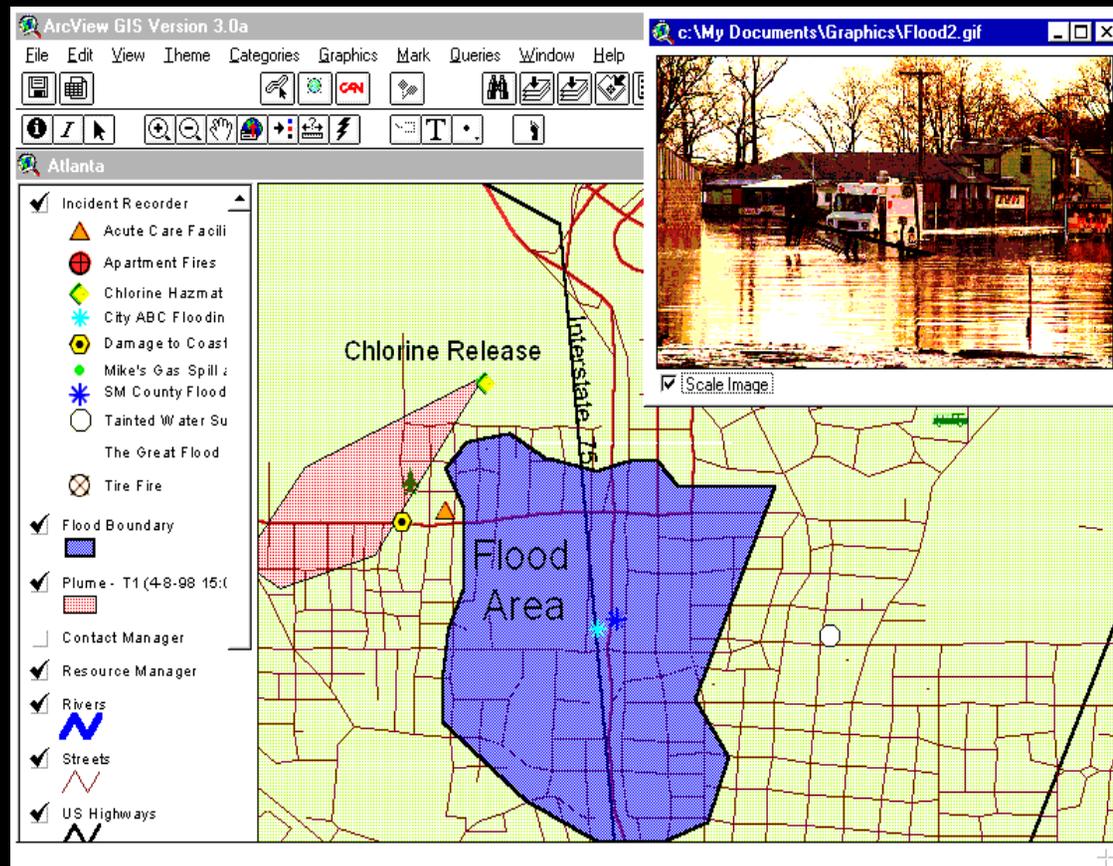

- ▶ 20: Overturned Tanker - Peachtree and 14th
- ▶ 5: Dam Break Causing Flooding
- ▶ 9: Flooding reported at ops center

———— = Streets that have been evacuated

In the same way, real-time locations like the command-post location, staging areas, or locations of available busses can be placed on the map "on the fly" and removed or relocated as necessary.

# EM/2000™ Using GIS to understand the true situation.

## Generate Situation and Status Reports ...

The EOC Manager calls for a briefing. A situation report is generated and response/recovery objectives and tasks are entered into the EM/2000™ Incident Action Plan database.

### Situation Report

**City of Oakland  
Office of Emergency Services  
Situation Report**

The following information has been reported to the Governor's Office of Emergency Services from federal, state, regional and local government agencies.

- Incident Name:** 23rd Street Auto Repair - Hazmat Spill *(Note: An Event/Incident Report must exist for this event prior to creating a Situation Report.)*
- Report as of:** 05/14/97 10:33 PM (Initial Report)
- Date/Time of Event:** 05/13/97 01:38 PM
- Event Location:** 23rd St Auto
- Event Type:** Hazardous Materials
- Areas Affected:** contained to 23rd street at Main street intersection
- Current Situation:** Level 1
- Current Situation Detail**

	Locations, Comments, etc.	
a. Significant Damage:	Y	unknown
b. Deaths:	Y	0
c. Injuries:	Y	4
d. Damaged Buildings:	Y	unknown
e. Utility Problems:	Y	none
f. Commo Problems:	Y	none
g. Road Problems:	Y	Main Street closed due to petroleum spill
h. Evacuations:	Y	none
i. Critical Issues:	Y	
j. Other Problems:		impact area isolated but hazmat flowing into nearby creek - response crews onscene.

- Major Incidents:** Hazmat Spill, Traffic Accident, Evacuation of Coliseum
- Response/Recovery Priorities:** Contain hazmat incident area, begin returning evacuated citizens to their homes
- Date/Time of Next Report:** 05/14/97 10:00 PM
- Proclamations/Declarations:**
  - Local: Local Emergency
  - Gubernatorial Requested: Y
  - Director's Concurrence: Y
  - Gubernatorial Received: Y
  - Presidential Requested: N
  - Presidential Received: N

13. Response	Status	Details, locations, comments, etc.
a. EOC(s) Activated:	Yes
