ARRL Field Day 2020
Updated 6/20/2020

C.A.R.E.S. Operation

June 27, 2020

Cupertino ARES/RACES

Agenda

- What is Field Day?

- Promotions

- CARES Field Day – A Time To Adapt

- CARES Field Day Plan

- Operational Schedule

- Volunteers

Cupertino ARES/RACES

What is Field Day?

- An annual ARRL sponsored 24-hour event held on the forth full weekend of June

- Field Day Objectives

  - To setup communication operations "under abnormal situations in less than optimal conditions."

  - To work as many stations as possible

  - Demonstrate to the public what amateur radio service is about and how it can serve them in times of crisis and disasters

  - Public showing of how CARES prepares and serves our community

CARES Field Day Promotion

- Cupertino Scene

- Cupertino.org Event Calendar

- Cupertino AM Radio 1670KHz

- Invitations have been sent to:

  - Mayor Steven Scharf and Cupertino City Council

- ARRL Section Manager and Vice Director

  - Brandon Bianchi (NI6C) ARRL Section Manager

  - Kristen McIntyre (K6WX) ARRL Vice Director

CARES Field Day – A Time To Adapt

- COVID-19 has changed nearly every aspect of life as we know it
  - Social Distancing of six feet or greater
  - Small group gatherings of no more than 10 people
  - No station coaches including GOTA
  - No public setup or public displays
- Even if Shelter-In-Place is lifted, the above restrictions will still be in place

CARES Field Day – A Time To Adapt

A quote from an ARRL Field Day article:

"With any emergency preparedness exercise, it's not about adapting the situation to your operation, it's about adapting your operation to the situation that presents itself."

Therefore, this year's Field Day objectives are:

- For all participating CARES members to have fun

- Keep people from getting sick

- Adapt our operations to the current situation

Cupertino ARES/RACES

CARES Field Day – A Time To Adapt

- Today, Cupertino EOC is activated for COVID-19 at level 3 (situation monitoring) with no one physically present at any city EOC facility but is being conducted virtually

- Therefore, CARES will operate a virtual Field Day to parallel a virtual EOC operation

  - No physical setup

  - No GOTA station

  - No city activation number required

  - Sadly, no lunch or drinks will be provided

- All clubs and groups are working out how they will operate on Field Day

CARES Field Day – A Time To Adapt

Recent changes for Field Day 2020:

- Two Field Day rule waivers or variances published on May 27, 2020 driven by the COVID-19 Pandemic

    - **1) For Field Day 2020 only, Class D stations may work all other Field Day stations, including other Class D stations, for points.**

    - **2) In addition, for 2020 only, an aggregate club score will be published, which will be the sum of all individual entries indicating a specific club (similar to the aggregate score totals used in ARRL affiliated club competitions).**

http://www.arrl.org/temporary-rule-waivers-for-arrl-field-day-2020

Cupertino ARES/RACES

CARES Field Day – A Time To Adapt

How do the two rules affect CARES Field Day?

- The first rule allows any home station operating as class D (home station) to work all Field Day stations including other class D stations home stations

- In previous years, class D stations could work class A, B, C, E and F but not any class D stations

- This allows for more contacts to be made

Cupertino ARES/RACES

CARES Field Day – A Time To Adapt

How do the two rules affect CARES Field Day?

- The second rule effectively removes the 1,000 foot diameter circle requirement, but…

  - Each participant operates from home, mobile, etc. and uses their **own call sign**

  - Each participant will assume their own **class and section**

  - Each participant logs their own contacts

  - Each participant submits their own Field Day entry using the Field Day web submission form:

    - https://field-day.arrl.org/fdentry.php

  - Each enter "CUPERTINO ARES" on the form labeled "Club or group name"

Cupertino ARES/RACES

CARES Field Day

ARRL Class

- Class A: Club or Group of 3 or more persons

- Class B: No more than two persons typically running on battery power or non-commercial power

- Class C: Mobile -- vehicle, marine, aeronautical

- Class D: Home station running on commercial main power

- Class E: Home station running on emergency power

- Class F: Emergency Operation Center (EOC) – CARES operates in this class

- The number preceding the class designator is the number of transmitters simultaneously operating

  - Eg: 2F = 2 transmitters operating in class F

  - Eg: 1E = 1 transmitter operating in class E

CARES Field Day

ARRL Section / RAC section

- ARRL / RAC section is an abbreviation of the ARRL section you are operating from

  - RAC: Radio Amateur of Canada

- ARRL Section Region 6 in San Francisco Bay Area:

  - SF: San Francisco

  - EB: East Bay

  - SCV: Santa Clara Valley

- All ARRL / RAC sections can be found in the ARRL Field Day 2020 packet (in PDF)

Cupertino ARES/RACES

CARES Field Day

What bands can be used for Field Day?

- All work bands
  - Includes: 160m, 80m, 40m, 20m, 15m, 10m, 6m, 2m 220, 440
  - Excludes: 60m, 30m, 17m and 12m
- Modes:
  - Digital
    - CW, PSK31, RTTY, FT8, FT4, Packet
  - Non-Digital
    - SSB phone, FM Voice

CARES Field Day

What types of contacts do NOT count for Field Day?

- Any contacts made using repeaters

  - No contacts via FM repeaters, IRLP, Echolink, DMR

- Contacts made via Satellite are exempt

Cupertino ARES/RACES

CARES Field Day

Field Day has arrived, you need to:

- Decide what class you will operate as and the number of transmitters, once you start you cannot change it

  - Example: 1D – Home station commercial power ("one delta")

  - Example: 1E – Home station emergency power ("one echo")

- Your ARRL section will most likely be SCV – Santa Clara Valley

- Your exchange will then be:

  - Your callsign, Class, Section

  - Example: KI6LDM, 1E (One Echo, Sierra Charley Victor)

- REMEMBER: Class D stations can work all Field Day classes including other class D stations per the first rule waiver

Cupertino ARES/RACES

CARES Field Day

Field Day Exchange Example for Voice

KI6LDM> CQ Field Day, CQ Field Day, Kilo India Six Lima Delta Mike, QRZed:

KN6PE> Kilo November Six Papa Echo

KI6LDM> Kilo November Six Papa Echo, One Echo, Sierra Charley Victor

KN6PE> Kilo India Six Lima Delta Mike, One Delta, Sierra Charley Victor (KN6PE repeats KI6LDM, but its not required)

KI6LDM> CQ Field Day, CQ Field Day, Kilo India Six Lima Delta Mike, QRZed:

KK6EWQ> Kilo Kilo Six Echo Whisky Quebec

KI6LDM> Kilo Kilo Six Echo Whisky Quebec, One Echo, Sierra Charley Victor

KK6EWQ> One Charley, Sierra Charley Victor   (KK6EWQ doesn't say KI6LDM, its not required, KI6LDM moves on.)

KI6LDM> Thanks, CQ Field Day, CQ Field Day, Kilo India Six Lima Delta Mike, QRZed:

You will often hear "Please copy…*class section*"

Use of phonetics are very important especially on HF SSB

CARES Field Day

What if I only have a 2m/440 HT?

- Field Day is for **_every ham_** that wants to participate and we encourage you to join in on the fun!!

- Your exchange will be 1B SCV

- Its expected that there will be a lot more 2m/440 participants this year AND you can claim the 5X power multiplier for operating 5 watts or less from your HT

- Use the 2m simplex frequencies: 146.460, 146.505,146.520, 146.535 to make contacts. National calling frequency: 146.52

  - See **http://www.portcars.org/wp/wp-content/uploads/2011/09/2-Meter-BandPlan.pdf**

- Use the 440 band as well

- Just don't use any repeaters for making Field Day contacts

- Don't forget to log your contacts

CARES Field Day

HF band Plan depending on propagation

Time PDT	Band	Mode	Remarks
1100	20m	CW, FT8,SSB	
1200	20m	CW, FT8,SSB	
1300	20m	CW, FT8,SSB	Check both 15m and 10m, look for FT8 signals
1400	20m	CW, FT8,SSB	Check 15m
1500	20m	CW, FT8,SSB	Try the "take a nap band", there might be good precogitation
1600	20m	CW, FT8,SSB	Check 40m, also 10m has been known to have short openings
1700	20m	CW, FT8,SSB	Check 40m
1800 - 2000	20m,40m	CW, FT8,SSB	Check 80m
2000 - 2300	20m,40m,80m	CW, FT8,SSB	20m usually dies at this point
2300 - 0600	40m,80m	CW, FT8,SSB	40m and 80m should be strong, or try the "Go to sleep" band
0600	20m, 40m	CW, FT8,SSB	
0700	20m,40m	CW, FT8,SSB	80m will start to die
0800	20m,40m	CW, FT8,SSB	
0900	20m	CW, FT8,SSB	Check 15m and 10m
1000	20m	CW, FT8,SSB	
1100			GAME OVER

CARES Field Day

Digital Modes

- CW, PKS31, RTTY, FT8, FT4

- Digital contacts are worth 2 points each

- The most popular digital mode for this year's Field Day will be FT8 and FT4

  - Requires WSJT-X version 2.1.2 for Windows 10 and Linux

  - Has a built-in logging feature

  - Can be used on HF, 6m, 2m

  - For Field Day operations, configure WSJT-X for Field Day and enter your class and section

    - File -> Settings -> Advance, check the box for Special operating activity, then select ARRL Field Day, then enter your class and ARRL/RAC section i.e., 1E SCV

Cupertino ARES/RACES

CARES Field Day

Logging for Field Day

- There are a number of logging programs

  - N1MM   Free

  - WriteLog $30.00

  - N3FJP $9.00

  - Microsoft Excel can also be used to log contacts

- It is not required to submit cabrillo or ADIF logs for Field Day

- You do not need to have an account on Logbook of the World

- Log your contacts in whatever way works best for you

- WSJT-X has a built in logging feature

- After Field Day, sort your contacts by band and mode

Cupertino ARES/RACES

CARES Field Day

Logging for Field Day

- Required information to log

  - Band the contact was made on (or frequency)

  - Date

  - Time (UTC)

  - Mode i.e., CW, LSB / USB, FM, PSK31, FT8, FT4

  - Station worked call sign

  - Exchange received: Class I,e., 1D OR, 2B AB, 1E STX

- Most logging programs provide a Field Day specific logging feature

Cupertino ARES/RACES

CARES Field Day

Field Day 2020 is over, time to submit your entry

1. Collect any supporting documents to support any claimed bonus points

2. Total up your contacts by band and by mode

3. Package up your logs (hopefully they are on your computer)

4. Go to **https://field-day.arrl.org/fdentry.php**

5. Enter YOUR call sign, your location in the ARRL/RAC section drop-down list

6. On the form "Club or group name", enter "**CUPERTINO ARES**"

7. Enter the number of participants and simultaneous transmitters

8. Check the class you operated as: B, C, D, or E

9. Check the Power Sources, all that apply

Cupertino ARES/RACES

CARES Field Day

Field Day 2020 is over, time to submit your entry

9. For bonus points, only check the ones you did i.e., copy the W1AW bulletin and attach any supporting documents/files

10. Enter your QSO counts by band and mode per the table in the form

11. Do not enter anything for GOTA

12. Double check your information

13. Provide your name, call sign and email to confirm

14. If all is correct, click Submit Entry

15. Add any further comments as you wish

16. You will receive an email with your total score and breakdown. The email will contain a link for making changes if necessary.

Entries must be submitted **with in 30 days of Field Day**

CARES Field Day

CARES Field Day Schedule

- 10:00 – 11:00 – Field Day Operation briefing via W6TDM or Zoom

  - Take CARES check-ins, open net

  - Record participants Field Day class and section

  - Answer any questions

  - Make any last minute adjustments

- 11:00 – (1800 Zulu) ARRL Field Day radio operations begins

- Since there is no tear down required, we can run until we are tired of operating

Cupertino ARES/RACES

CARES Field Day Operations

- Operate our radios and log contacts

- Media Interviews

  - Press and other media organizations

- Visits by Cupertino elected officials and served agencies via Zoom

- Visit by ARRL section leaders via Zoom or W6TDM

  - Brandon - NI6C – ARRL Section Manager

  - Kristen   - K6WX – ARRL Vice Director Western Division

- Photos by participants for ARRL Submission

- Enjoy the day, stay safe, stay cool and have fun!

Cupertino ARES/RACES

CARES Field Day Needs

- Volunteer needed to moderate and manage Zoom conference

- Listen for and copy down W1AW bulletin (K6PH will broadcast the W1AW bulletin for the West Coast)

- Station operators

- Send NTS packet message to section manager

Cupertino ARES/RACES

CARES Field Day

Some Final Comments

- All FCC Part 97 rules apply during Field Day

- Operate with in your license class band privileges

- If there is an active hurricane, please stay clear of 14.300MHz and 14.325MHz

- We can help you with submitting your Field Day entry as needed
